Good Morning Mark,

Thank you for the phone call this morning. We are interested in your review of the air sampling results from the Haskell Lake Lodge crawlspace areas and appreciate the suggestion of a call later this morning. LDF staff are available any time today.

Thank you for your help on this!

Rob

I just wanted to confirm that the 2 files are duplicates. The first one doesn't open, but I am assuming that it contains the same data as the second one since it has the same file name. Could you clarify?

Hello,

Please find attached the Tower Motel Results for two grab samples (E-Crawspace & W-Crawspace) collected on 10/27/2015 by EPA. Grab samples were collected due to faulty compression fittings on the 6L Summa Canisters.

Thanks,

Rob

Rob:

Please copy Mark Johnson, Kristen Hanson, and Mike Ribordy when you send me the summa results tomorrow. They are copied on this email, so you can just reply to all.

Thanks!
Kathy
